CENSUS OF THE COMMONWEALTH, 30th JUNE, 1954.

NO. 7 - TASMANIA - POPULATION OF CITIES AND OF TOWNS (750 or more).

This Bulletin contains particulars of the population recorded in each City and in each Town with a population of 750 persons or more, in Tasmania, at the Census of 30th June, 1954.

These figures are issued at a comparatively early stage in an interim form, as they are derived from the initial Field Count and may in some cases be subject to considerable amendment on completion of tabulation.

The towns have been arranged in groups by Statistical Zones, then in alphabetical order. The component parts of Hobart and Suburbs and of Launceston and Suburbs are shown separately.

The boundaries of towns which are not separately incorporated for purposes of local government were specially determined for Census purposes to embrace the urban areas which could be regarded as the town. These towns are indicated herein by adding the letters "N.M." after the name of the town.
